JULY BULLETIN

2019

Quality Services

Director's message

Hello everyone!

Our financial year started in the usual enthusiastic way. A lot of activity in training marked the beginning of the year. In fact, the first three months were spent mostly on training programs.

Our resolutions for the 25th year continued to be met. The Train The Trainers course conducted in-house was long awaited and proved out to be star course. This was actually only for IQS Trainers. The overall brain storming helped evolve new ideas in training and proved extremely beneficial to all attendees. We plan to open this course for the industry shortly.

Many new things are happening in IQS. Keep an eye on our web-site for new announcements. The industry is opening up, and it is heartening to note that the importance of Training is now well grasped by all.

Again, we are eager to hear you through your suggestions, grievances, ideas and other feedback! Do write to us! We hope we receive your continued support all along!

Diwakar Joshi

Quality Services

IQS conducted the training program for Welding Inspectors at KBL, Kirloskarwadi. This was tutored by Mr. Amit Deshpande. It was a 4-days training, from 8th to 11th April '19, detailing welding inspection and welding processes. The program was attended by 25 engineers.

The regular training in API continued with API 570 Piping Inspection preparatory training program conducted in IQS class room. This was conducted from 17th to 22nd April 2019. The program included a candidate from out of India too. Overall, from April to June '19, 5 training programs in API 510, API 570, API 653, API 580 and API 936 were conducted.

Quality Services

During the period April to June 2019, IQS conducted 5 training programs in PT Level II, 5 in MT Level II, 2 in RT Level II, 2 in UT Level II, and 1 in VT Level II.

Training Program for UT Level II at Insight Quality Services from 10th to 20th June, 2019

Quality Services

Insight Global FZE conducted a code awareness program in Dubai on 17th and 18th March 2019. Mr. Diwakar Joshi was the tutor. The program was conducted in Dubai. This standard program, ASME Codes– An Insight, covers a review of ASME BPVC Section II, Section V, Section VIII and Section IX, and is quite popular as candidates are encouraged to debate on real life cases that they face.

A training program on API 653 was conducted in Qatar by Mr. Diwakar Joshi from 24th to 28th March 2019. The program was for Qatar Petroleum, through QTPC, Qatar.

Quality Services

Activities- April to July 2019

-  Mr. Mohseen Shaikh added PCN PAUT Level 2 to his qualifications.
-  Mr. Diwakar Joshi delivered an Invited Technical Talk on 14th June 2019, at ISNT Ahmedabad Chapter of India Society for Non-Destructive Testing. The talk was well received.
-  Mr. Amit Deshpande visited Cambodia twice in this period for inspection of Above ground Tanks as per API 653.
-  Recertification audit for ASME U1, U2 and R stamp was conducted on 13th and 14th June '19 for MECh Engineers, Valsad. IQS were the NDE Level III for them.
-  Training course for API 936 was conducted from 6th to 8th April '19. 6 candidates attended this course.
-  A training program to hone the skills of all our Trainers in IQS was conducted in-house on 15th and 16th April '19. The course was conducted by Mr. Diwakar Joshi. It was a refresher training for all trainers, and also many new concepts were covered. The team is now ready to Train in a more systematic and innovative way!

Quality Services
