BULLETIN

January 2020

Quality Services

From the Director's desk

Hello everyone!

Wishing you all a very Happy and Fruitful New Year!

The highlight of this quarter was our active participation in NDE 2019, the grand event organized by the Indian Society for Non-Destructive Testing. The event was in Bengaluru, spread over 3 days. IQS had a stall in the exhibition, and apart from the invited talk by me, we read 4 technical papers in the seminar! A team of 5 of our members visited the event. And yes, we are planning a bigger participation next year!

The quarter Oct – Dec '19 was full of activities. A lot of planning went into our 25th year celebration around the corner. The team was busy in Training and other areas, with some courses carried out out-of-India too. Execution of some new orders in Consultancy was started during this period.

Our NDT team took good efforts to get the NABL Accreditation for NDT activities, and we received the Accreditation towards the end of this period! A good motivation for the NDT team to start the new year in the right way!

As usual, we look forward to receiving your suggestions, grievances, ideas and other feedback.

Anticipating your continued support all along!

Diwakar Joshi

Quality Services

API 570 Preparatory training conducted by Mr. Prakash Tamhankar from 23rd September to 28th September 2019

QA/QC training program conducted by Mr. Surendra Mungel from 26th to 28th September 2019
