ASNT LEVEL III PREPARTORY PROGRAM SCHEDULE FOR FEBRUARY 2020 TO DECEMBER 2020

15% OFF

IQS has entered its 25th year of operations. While celebrating the same, we wish to pass on some benefits to you, who have made this possible.

We are offering a discount of straight 15% on our ASNT course fees, for courses between 1st Jan 2020 and 31st March 2020. The offer is valid only for registrations done and full course fees paid 25 days before the course commencement.

"It is good to have Education, It is better to have Experience, but it is essential to have TRAINING !"

ASNT LEVEL III Online Exam Simulation!

Dear ASNT Level III Examination Preparatory Program Participants,

Greeting!

We are sending our calendar for **ASNT Level III Exam Preparatory Training Program**. Presently we are announcing schedules for **Feb 2020 to Dec 2020**.

Insight Quality Services has conducted the 1st program in 1994 and in last 25 years we are conducting these training programs with excellent results and till date thousands of candidates have got benefitted.

We have refined these programs every time and eventually we have built a solid foundation to conduct these programs with excellent Training Material developed by us, more than 08 ASNT Level III qualified faculties and thousands of practice questions.

As our tutors are practicing Level IIIs, our training program helps you not only to pass the examination but it helps you to forge your career as 'Real' NDE Level III.

Some of us are already ASNT Level III in some methods, and some are aspiring to become Level III. Those who have taken the exam previously know the format; it's a paper and pencil exam where you have to shade the appropriate circle as an answer. However, as you are aware that ASNT has now started for Computer Based Testing (CBT), from January 2017. This means you will not carry absolutely anything to the exam, and the test has to be taken on a computer where you select your answers.

Examination schedule for the whole year had already been declared by ASNT in January 2018. You can schedule your examination by applying online.

ASNT in due course will declare its exam centres and apparently the exam can be taken by a candidate at a day of his choice throughout the year. This is a welcome change.

This is similar to the API exams. When API exams went computer based, we developed a similar test module for our students for their practice which simulates the final examination of ASNT Level III. For your convenience and to simulate the conditions as well, we have equipped our classroom with new computers. Taking an exam on the computer needs practice. There is a difference in a CBT and the traditional exam. We need to manoeuvre up and down on the screen, go back or forth in the questions, leave some difficult questions for later, go back to them when convenient, and keep a track of where we are with respect to time. Nothing difficult provided we have some practice. We have to see that our valuable time is not lost just because we were very used to a paper and pencil exam, and not at all used to a CBT.

Very similar to API, we have developed the CBT module for the ASNT exam for the convenience of our candidates. You will be taking the Level III preparatory course/s with us (we are going online with courses too, in near future!), and taking the mock-up exam on this computer based module. This will give you a tremendous advantage in facing the ASNT exams.

We are happy to inform that our few candidates have already gone through ASNT Level III computer based exam and passed the same after attending training as well as mock up exam with our Computer Based Module.

We are happy to announce our ASNT Level III Preparatory Training Program schedule. Please get yourself registered for the same to start your career as NDE Level III.

Thanking you,

Diwakar Joshi
Director
