Welcome to Online Exam !!
Enter

We all know that American Petroleum Institute (API) has started Online Examinations from March 2014 onwards. We, at Insight Quality Services, have taken an initiative in giving you a similar experience. For this, we have developed a similar software which will simulate the final online examination. You can now practice online mockup examination in our classroom almost similar to the final examination of API. For your convenience, and to simulate the conditions as well, we have equipped our classroom with six new computers.

We have already successfully completed more than Hundred batches of API 510, API 570, API 653, API 580, API 571, API 577, API SIFE, API SIRE, API TES, API 1169 courses and examinations from March 2014 with the use of this state-of-the-art facility. We are on our way to further develop this software to give you the facility and convenience of taking the online mockup exam from your home....!

We are really happy to introduce this facility to all of you, and we are proud to announce that we are the first to start this in India! We have provided this facility to all our students from March 2014 onwards, free of charge, without any hike in the course fees.

We are committed to give you more and better. The thing which drives us is your support and faith. We hope this will continue in the coming years too.

American Petroleum Institute (API) Online Training

To enable the far away student to take the benefit of our training, we have started "ONLINE" one to one training for all the major API exam and the list of programs is given below.

1. You may also take online practice exam.
2. We can provide you refresher for recertification exam (after 6 years)
