  Non-Destructive Testing
From the Director’s desk.

Hello everyone!

Wish you all a very successful Financial Year!

This past quarter, Jan – Mar 2020, saw some good activity happening. Training was at its usual high level. Another new was a tailor-made training program for M/s Praj Industries. ASME audits in Consultancy department were at their usual count, with some crowding expected in the coming months.

The top management was busier in planning for the coming financial year. More in focus was our plan of the grand 25th year celebration which we talked about a lot with so many of you. A good deal of planning and running about went on, and unfortunately it culminated into nothing, due to the lock-down. We felt like we were cheated, but then, that is life.

The current Covid-19 situation triggered some change in everybody. We have quickly shifted focus to online training programs. Some changes at our end were made, infrastructure for such programs was created, and we are ready. Our first online training schedule is just released for the month of April. This may continue in further months.

We have to wait and watch the Covid-19 situation. It could be a detriment for some of us, and some would look at it as an opportunity. Let us all try to get over the situation, while remaining safe, and making an effort to keep others safe.

As usual, we look forward to receiving your suggestions, grievances, ideas and other feedback.

Anticipating your continued support all along!

Diwakar Joshi
IQS was recertified in ISO 9001:2015 Quality Management Systems in Jan 20. Since the first certification in 2007, IQS is continually living the standard, with no compromises. We take pride in our systems, which were in place right from our inception.

API 570 Preparatory Training program by Mr. Diwakar Joshi & Mr. Prakash Tamhankar at IQS Kothrud office 20th to 25th Jan 2020.
After a series of meetings, IQS developed a tailor-made Training Program for M/s Praj Industries for their leading personnel on the shop floor. The first modules for both Sasawadi plant and Kandla plant were completed in this quarter. Two more modules each will be conducted after an interval. The program was very well received by the participants. Total clarity of requirements and management participation from Praj’s side helped develop the program in a short time.

Shop Leaders’ Development Program conducted for Praj Industries Sasawadi personnel on 25th Jan 2020 by Mr. Prakash Tamhankar and Mr. Surendra Mungel

Shop Leaders’ Development Program conducted for Praj Industries Kandla personnel on 7th Mar 2020 by Mr. Surendra Mungel
Mr. L Venkatraman’s visit to IQS office on 30 Jan 2020

CSWIP 3.1 Preparatory Training Program by Mr. Vaibhav Gogawale & Mr. Aditya Bhagwat at IQS Kothrud office 23rd Jan to 1st Feb 2020
Awareness Training Program for API 653 conducted by Mr. Amit Deshpande & Mr. Diwakar Joshi at IOCL Mumbai through VILT (Visual Instructor Led Training) studio for 132 Candidates during 10th to 12th Feb 2020. This was a unique concept floated by IOCL; training a large group scattered all over India in one session. IOS got the opportunity to conduct API 653 Training Program on this platform. Mr. Amit Deshpande could do a good job out of it though the idea was new to us.

Batch No. 1 – API 510 training at Yamal LNG, Sabetta, Russia
The long awaited Training Program which was delayed due to some administrative issues at customer end finally got through during 23 Jan to 03 Feb 2020. Mr. Amit Deshpande visited Yamal LNG, Sabetta, Russia (bracing the bitter cold!) and conducted API 510 training course for their group. This was repeated for their next batch in Feb-March 2020.
In the same batch of 23 Jan to 03 Feb, while Mr. Amit was conducting API 510 training at Russia, a half an hour session was conducted online by Mr. Diwakar Joshi from India for the candidates at Russia.

Batch No. 2 – API 510 training at Yamal LNG, Sabetta, Russia

API 510 preparatory training conducted by Mr. Amit Deshpande at Yamal LNG, Sabetta, Russia during 20 Feb to 2 March 2020 (10 days)

The first batch of this course was conducted during 23 Jan to 03 Feb 2020.

This is the second batch for their another group of engineers.
Basic Level III Preparatory Training program by Mr. Surendra Mungel at IQS Kothrud office
08th to 12th Feb 2020

MT Level II Training Program by Mr. Amit Muke at IQS Kothrud office 5th to 8th March 2020
Upcoming Events

Our plans of customer meet etc. are presently on hold due to the lock-down situation. We will keep you updated in due course of time. We are planning some webinars shortly apart from the regular online training program. You will get notifications on these webinars shortly.

Quiz

Solve the four jumbled words to form four ordinary NDT / Engineering words. Fill up in the space provided and pick up alphabets in the circle to form the answer to the question below.

Question – This test destroys?

P O S I T O I C R

E T P A C L H

H R A E S

D Y D E

Answer to previous quiz:
CABLE
LASER
INFRARED
SOLVENT

Answer to clue - DECIBEL
25 years of Trust

IQS Customers across the world

Internationally, we have conducted courses in Russia, Bahrain, Indonesia, Kuwait, Malaysia, Oman, Philippines, Qatar, Saudi Arabia, Singapore, South Africa, Thailand, Trinidad & Tobago & U.A.E etc.
